INTERNATIONAL SPEECH COMPETITION

Each year, a highlight of Camp Pilgrim's teaching program is the International English Speech Competition. From Monday to Friday for 5 hours per day, all students attend formal classes to improve their English speaking abilities, as well as their English reading and writing skills.

A program expectation is that each student plan, research and deliver a speech. The topic of speech is of individual preference in order to make the presentation more engaging and passionate. Once prepared, each student presents their speech to their class and classroom teacher.

One student is selected from each class to move onto the semi-finals where they present their speech to all students in the University auditorium. Three senior finalists and three junior finalists are then selected to compete in the final round of the International Speech Competition.

During the finals of the Speech Competition, a panel of distinguished judges listens to each speech and then follows with a question period which competitors have to answer without preparation.

After careful deliberation, the judges select two winners, one senior and one junior, as the official champions of the International English Speech Competition. The two winners are awarded an Apple IPAD and a trophy to celebrate their victory.

TESTIMONIALS

KATRINE DIGE OUESEN, DENMARK

"The best thing about the program is the diversity of the student population. The students come from all over the world and it is great to learn about their way of life and culture. I also really enjoyed learning about Canada and its customs and traditions. I definitely improved my English while at Camp Pilgrim. Being surrounded by an English speaking environment at all times allows us to continually practice and improve our English language skills. The Toronto / Niagara Falls tour was amazing. The falls were beautiful and the whole trip was really exciting. I will definitely recommend Camp Pilgrim to all my family and friends in Denmark!"

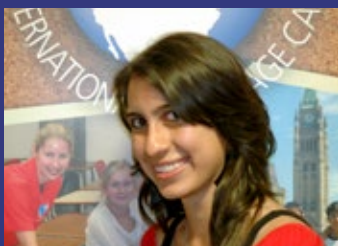

WILLIAM DESHAIES-PETITCLERC, QUÉBEC

"I really want to thank Camp Pilgrim for helping me perfect my English language skills over the past 3 years. This has been an unforgettable experience and I would recommend this program to anyone who wants to improve their English language skills. In my opinion, this camp is the very best place to learn English, while at the same time you are able to have an enormous amount of fun. The teachers and the activity staff are fantastic; they are always happy, helpful and eager to take us to wonderful sites such as Ottawa, Toronto, shopping and movies. My group was a mix of students from all over the world, such as Mexico, Peru, Denmark, etc, which provided me the opportunity to learn their customs and the manner in which they lived in their home countries. Finally, I have to once again say thank you for the huge improvement in my English language skills and I congratulate you for providing such a wonderful program!"

JOSHUA RESENDIZ - QUERETARO, MEXICO

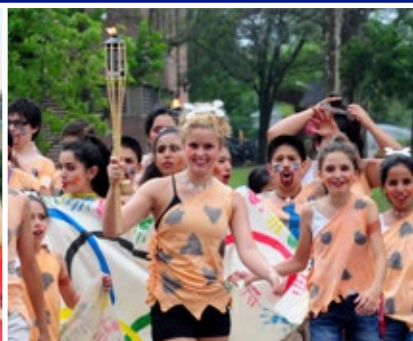

"Camp Pilgrim was an unforgettable experience. From the moment I arrived, every waking hour was spent having fun and learning English. I spent three weeks meeting students from other countries and going on fantastic excursions to Canadian highlights. The atmosphere at the program is second to none which is in large part due to the quality of the Staff who are not only caretakers but friends who care a great deal for the students. If you have the opportunity to attend this program, do not miss out because you will have so much fun at Camp Pilgrim that returning to your home country afterwards will be sad affair. I had an excellent summer at Camp Pilgrim and the only thing I would change is the short duration of my stay which flew by in three short weeks. I truly recommend this incredible program to all students around the world."

MARIA FERNANDA VALDERRAMA VARGAS, BUCARAMANGA, COLOMBIA

"Camp Pilgrim was an excellent experience for me. Day after day I had the chance to practice my English not only inside the classroom but also during the extracurricular activities such as visits to museums, city tours, sports and evening activities. I met wonderful friends from many different countries. Throughout my time at Camp Pilgrim, I learned a great deal about Canadian history and geography, English grammar and vocabulary and was presented with new challenges and responsibilities that allowed me to grow as a better human being. I even won the first place in the oral speech competition that took place in front of the whole camp. This is an unforgettable experience which I totally recommend!!!"
